

2024 Comic Book Check In Procedures

2024 Comic Book Check In Procedure

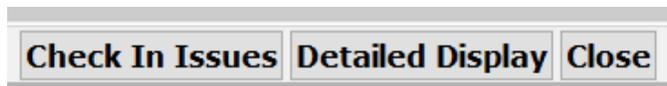

1. Open the Serials Module.
2. Open the Serials Check In Wizard.

3. Perform a search for your title. All comic book titles are followed by the current year.
Ex. Batman, 2024

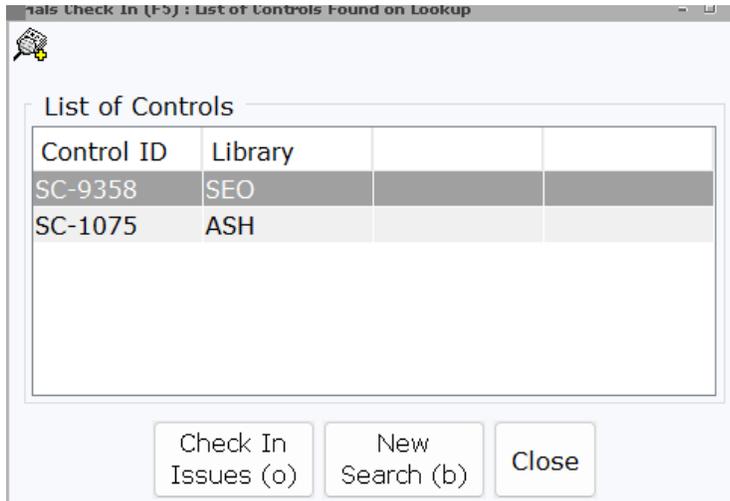

Search for:	Batman, 2024
Index:	Periodical Title
Library:	ALL

4. Select your comic book title and click the **Check In Issues** button located at the bottom of the page.

2024 Comic Book Check In Procedures

5. Select the Control ID for your library and click the **Check In Issues** button.

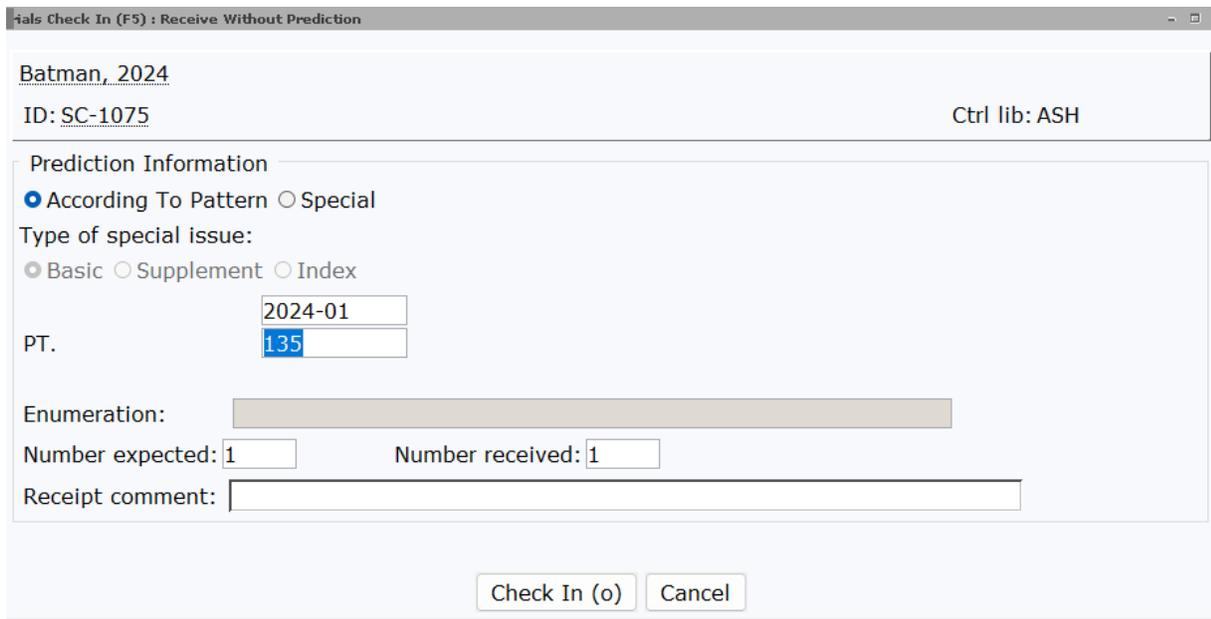

The screenshot shows a dialog box titled "List of Controls Found on Lookup". It contains a table with the following data:

Control ID	Library		
SC-9358	SEO		
SC-1075	ASH		

Below the table are three buttons: "Check In Issues (o)", "New Search (b)", and "Close".

6. **In the first text box, input the issue year and month for your comic if it has one.** This information is often found on the front or back cover. See the 2024 Magazine Call Number Guidelines documentation to format your call number with the 2024 procedures. If it's not dated, input the four-digit year (e.g. 2024).

In the second box, input the issue number from the front cover.

The screenshot shows a dialog box titled "Receive Without Prediction". It contains the following information:

Batman, 2024
ID: SC-1075 Ctrl lib: ASH
